Code-

```
db.sales.aggregate([
  {
        $group: {
        _id: "$product_id",
        totalRevenue: {
        $sum: {
        $multiply: ["$quantity", "$price"]
        }
        }
        }
  }
])
```

Output-

```
< {
    _id: 'B456',
    totalRevenue: 699.3
  }
  {
    _id: 'A123',
    totalRevenue: 479.70000000000005
  }
test>
