CODE-

```
db.books.aggregate([
  {
      $group: {
      _id: { author_name: "$author_name", status: "$status" },
      totalBooks: { $sum: 1 },
      totalPrice: { $sum: "$price" }
      }
  }
])
```

OUTPUT-

```
< {
    _id: {
      author_name: 'Alice',
      status: 'active'
    },
    totalBooks: 2,
    totalPrice: 54.98
  }
  {
    _id: {
      author_name: 'Bob',
      status: 'inactive'
    },
    totalBooks: 1,
    totalPrice: 39.99
  }
